February 13, 2012

To whom it may concern;

We have worked with the electricians of Integrity Electric on a number of commercial and residential projects over the years and have found their expertise and service to be exemplary.

They have been reliable to stay ahead of our schedules and to meet our needs and the needs of our customers. They work when we need them to so they do not interfere with the progress of the other trades.

We have found their prices to be competitive and the quality of their products to be excellent. Any issues that arise are quickly resolved and are too few to mention.

We would gladly recommend the Integrity team for all your electrical needs.

Sincerely, 

Paul Bartron, Owner
